**Welter Wins.**  
Prot. Welter can get his mail. The United States supreme court reversed today with costs the decision of the United States circuit court for the Western district of Missouri in the case known as the American School of Magnetic Healing vs. I. M. McNulty. The case grew out of the issuance of a fraud order by the Postmaster General against S. A. Welter, president of the school, which is at Nevada, Mo., by which the postmaster there held up Welter's mail. Welter appealed to the courts for an injunction compelling the postmaster to cease interfering with his mail and in reply the representative of the government demurred on the ground that the courts had no jurisdiction in the matter in which he is sustained. An appeal was taken to the United States supreme court which now decides that the lower court was wrong in sustaining the demurrer. The case is remanded for future proceedings to give Welter an opportunity to present evidence in support of his contention that his business is not fraudulent. Meanwhile the fraud order will be raised and the postmaster will deliver the mail.

The business done by Professor, Welter at Nevada, Mo., before the

government interfered amounted to one-half million dollars a year and caused the Nevada postoffice to be raised from the fourth to the first class. All of the letters received containing money. Judge Phillips made the point that so much mail required all the attention of the healer and left no time for suggestion and concentration of thought on the sufferings of their correspondents. In April, 1901. Welter and his partner, Joseph H. Kelly, were fined \$1,500 for using the mails fraudulently. Judge Phillips gave them a vigorous lecture at the same time.

Married at the home of Mr. and Mrs. Nathan Corder, near Corder, Wednesday morning November 12, 1902, Mr. George Raymond Beatty of Kansas City and Miss Stella Harrison, daughter of Judge and Mrs. J. W. Harrison, formerly of this city but now Roosevelt, Oklahoma. The bride is well known to most of our readers. She is a most charming and popular young lady, possessed of many beautiful womanly traits of character and is of a sweet disposition. She numbers her admiring friends by her acquaintances; to know her is to love and respect her, and the gentleman who has won her heart and hand can well feel proud of his catch. Ray Beatty is well known here and like his charming young bride, has many close friends among our people. His home is in Kansas City, but he spends the greater part of his time here assisting in the management of the Beatty Coal Company's business, in which he is interested. To Mr. and Mrs. Beatty The Advance extends hearty congratulations. May their future be one of unclouded happiness.—Higginsville Advance.

Attorneys J. Frank Trimbali, of Ayre, O. T., and Dawson, of Spokane, Wash., are here this week taking depositions in the McDonald divorce case, which is soon to be tried in Spokane. Many years ago for some cause McDonald left his wife and baby son and went west, leaving them to shift for themselves. Now after his son is grown up he wants to marry again and so sued for divorce from the wife he left years ago, making the statement that he did not know where she was. But as she has been at her old home near Odessa all the time, and as his son has letters from him, it looks like he didn't want them to know anything about it. We understand that his wife will sue for \$10,000 alimony, which she no doubt ought to have.—Odessa Democrat.

The coffin containing the ashes of the illustrious navigator was borne on the shoulders of a party of naval seamen and behind it walked in procession the archbishop of Seville, the cathedral chapter, the minister of marine and a number of other dignitaries. After mass had been performed, the captain general of Cadiz and the archbishop took the coffin into their charge and it was deposited in the mausoleum, where it will remain permanently.
